In the past, several KIIS students have completed back-to-back KIIS Summer programs to increase the time abroad and number of credit hours as well as cut out the cost of a second U.S./International airfare. The KIIS Berlin, Cuba, Portugal, Slavic Europe and Spain May programs are two weeks in length which allows them to be paired with several KIIS Summer program. Some 4-week Summer programs also are feasible to pair with a second program.
